

Industrial Mining Conveyor Light

Product Overview

Corrosion Resistant Housing
Low susceptibility to vibration
Chemical Resistance
Long lifespan

Product Applications

- Mining Conveyor Gantries and Walkways
- Wharf and Port Facilities
- Chemical Works
- Material Handling Machines
- Coal Preparation Plants
- Draglines
- Transfer Towers
- Access Stairways
- Tunnels
- Sewerage Treatment Plants
- General Security Lighting

Proudly Australian
owned and operated.

Main Features

Product Name	Product Code
Industrial Mining Conveyor Light	112026
Industrial Mining Conveyor Light / Emergency	112027
AC Input:	100 - 240V 50/60Hz
CRI:	>70
CCT Range:	4750 - 5250K
Luminaire efficiency:	IES>90 LM/W
Operating Temperature:	-20 ~ +65°C Driver Auto-protection up to 80°
Led	Lumileds5050
Beam angle (light distribution)	Type 1
Main Driver	Inventronic (PF:0.9) 20KV surge protection
IK Rating	IK10
IP Rating	IP65
Housing	Aluminum
Diffuser	Polycarbonate
Accessories	safety rope, SS304 screws
Warranty	5 Years
Emergency Driver	Tridonic (Emergency power: 4W/Emergency time 2H)
