Luce Solar 15W

Ultra thin profile solar flood light with sensor

Our highly efficient, robust, versatile range of solar lighting is suitable for all outdoor applications. The Luce Solar product includes LED light, PIR sensor, lithium battery and solar panel all in a compact design.

Key features and benefits

LTC Solar Lights are locally supported and factory backed by the LTC team.

- No power bills
- IP65 rated
- Easy to install – no wiring required
- High output 1600 Lumens
- Li-ion battery pack (replaceable)
- PIR Sensor detection angle/area: 120°/3-8 metres
- Long light output – Up to 5 nights from full charge
- Auto-adjusting operating mode

Product applications

Luce Solar 15W is ideal for a wide range of residential and commercial applications including:

- Street lighting
- Pathways and laneways
- Garden and outdoor spaces
- Garage and driveway
- Entrance
- Squares and courtyard
- Caravan Park

Luce Solar 15W

Item code	110859
Power Rating	15W
Typical light output	1,600Lm
CRI	70CRI
CCT Range	5000K-5500K
Battery capacity	10,800mAh
Thermal Rating	-15° C to 50° C
Charging time	6 hours
Control system	Motion sensor + Day light sensing

Efficient, robust and versatile

Super bright

Ultra thin

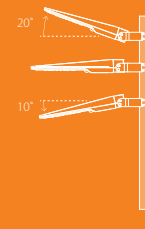

Large capacity

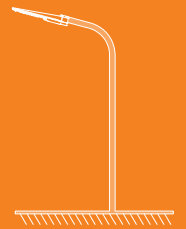

Multiple mounting options

Wall mount

Straight pole

Curved pole

Automatic operating mode

First 5 hours of operation

Motion detected

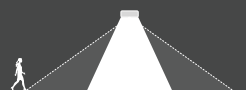

Automatically turns on to full brightness (1600Lm).

No motion

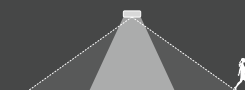

Brightness reduces after 20 seconds without motion.

After 5 hours or battery below 30%

Motion detected

Automatically turns on to full brightness (1600Lm).

No motion

Brightness reduces after 20 seconds without motion.

5 minutes after motion

Light turns off 5 minutes after last motion detected.
